St Albans Saints Dinamo Mission Statement

It is the mission of Saint Albans Saint Dinamo to foster the development of local youth through the sport of soccer. We are dedicated to providing our participants with a fun, high quality soccer experience that encourages sportsmanship and a love of the game through the development of player, coach, referee and team.

Our programme is based on the following concepts:-

Player development

Player development within a fun and age appropriate environment is one of our primary missions. Our juniors are taught primarily individual skills with less emphasis on tactics or winning. Our club employs and will continually refine a set of learning goals for all ages.

Coaches

Coaches play an integral role as both teachers and role models. We adhere to Football Federation Victoria regulations and encourage coaches to gain accreditation so they can attain the fullest potential

Family Involvement

We believe membership in Dinamo is a family affair. We rely on our members to volunteer in order to provide quality programs for our kids. We hope that our families will enjoy their membership in our soccer community.

Affiliations

The development of the game of soccer in our community is best accomplished through our affiliation with larger governing bodies, including Football Federation Victoria and Football Federation Australia.

Good of the game

St Albans Saints will advocate the good of the game of soccer. By promoting and working for soccer we hope to nurture the love of the game in the children of our club and enrich the local community. We hope the skills and knowledge our members learn will endure, allowing our players to continue to enjoy and participate in the global sport throughout their lives.

Respect for All Persons

All of our members are equally important and will be treated with respect and fairness without regard for age, ethnicity, gender or social status.
